Preamble

Currently, global competitiveness has redefined business strategies worldwide and the focus has certainly shifted to examining how our knowledge resources can reposition our stand in the world market. India is fast developing into a technology-led country, particularly in the areas of biotechnology, information technology and pharmaceuticals sector. Therefore development of strong and robust Intellectual Property Right (IPR) system is an urgent need for India.

The Seminar aims to increase awareness and understanding of Intellectual Property (IP) as well as promote innovation and creativity. Further, continuing the trend of providing a platform for deliberation on IP policy, strategy for patent search, International patent classification system, use of patent information will be delivered by eminent resource person.

About SSIP

The Student Startup & Innovation Policy (SSIP) of Government of Gujarat is a first-of-its-kind, an integrated, state-wide university-based innovation policy in the country launched in January 2017. It shall create a much-needed Innovation and Pre-incubation Ecosystem Support for Students (IPIES) across the state, adding to the start-up ecosystem of Gujarat and creating a strong innovation driven culture in the state's higher education spectrum. SSIP aims to create a network supporting innovations and ideas of young students, by building pre-incubation processes of the state higher education, thereby providing a conducive environment for optimum harnessing of their creative pursuit.
