

Publication 2014-2015

Mihir Parikh, Sachin Soni, Kirti Patel, Tejal Gandhi. Liver X receptor: a cardinal target for atherosclerosis and beyond. *Journal of Atherosclerosis and Thrombosis*. 2014, 21(6):

Dr. Purvi Shah, Naitik Champaneri, Kamlesh Solanki, Vaishali Thakkar, Kalpana Patel & Tejal Gandhi. Quantitative determination of Ciprofloxacin residues for cleaning validation in manufacturing equipment surface. *Indian Journal of Chemical Technology*, July 2014, 21, 233-237.

FA Maulvi, Vaishali T. Thakkar, Tejal soni, Tejal Gandhi. Optimization of Aceclofenac Solid Dispersion using Box-Behnken Design: In-Vitro and In-Vivo Evaluation. *Current drug delivery*. 2014, 11(3):380-391.

Dr. Kalpana Patel, R.P. Mangukiya, R.A. Patel, P. A. Shah. Chromatographic methods for simultaneous determination of moxifloxacin hydrochloride and difluprednate in ophthalmic dosage form. *Acta Chromatographica*. 2014, 26(3).

M. C. Gohel, A. Ramkishan, T. M. Patel, Radhika Pandya, Vrunda Suthar, Hiral Koradia, D. V. Madat, Shital Bariya, Tejal Mehta. Nomogram for Computing the Value of Similarity Factor. *Indian Journal of Pharmaceutical Sciences*. May-June 2014, 76(3):245-

Trupti B. Solanki, Purvi A. Shah And Kalpana G. Patel. Central Composite Design: A tool for validation of developed HPTLC method for simultaneous estimation of Olmesartan medoxomil, Amlodipine besylate and Hydrochlorthiazide in tablet formulation. *Indian Journal of Pharmaceutical Sciences*. May-June 2014. 76(3), 179-183

Dr. Purvi Shah, Mistry Krishna, Mistry Neha, Patel Kalpana, Hingorani Lal, Gandhi Tejal. High performance thin layer chromatographic method for simultaneous estimation of stigmasterol, ursolic acid and withaferin A in polyherbal formulation. *Der Pharmacia Lettre*, August 2014, 6(4), 493-499

Dr. Purvi A Shah, Ankita S Kadikar, Niketa R Gevariya, and Kalpana G Patel. Simultaneous Estimation of Brinzolamide and Timolol Maleate Using Chromatographic Methods. *Research Journal of Pharmaceutical, Biological and Chemical Sciences*, Sep-Oct 2014, 5(5), 1010-1017.

Dr. Kalpana Patel, Ruchita G. Gadhavi, Neha B. Panchal, Chirag B. Patel, Mitesh Motisariya, Purvi A. Shah. Validated stability-indicating high performance thin layer chromatographic method for determination of zaltoprofen in pharmaceutical dosage formulation. *Der Pharmacia Lettre*, August 2014, 6(4), 443-451.

Mukesh C. Gohel. Introduction to Chemometric methods and pharmaceutical applications of selective chemometric tools in achieving quality by design and process analytical technology. *Pharma times*. August 2014. 46(8):64-67.

Gohel, M. C., Mansuri, S. A.; Baldaniya, L. H.; Thakkar, V. T.; Gandhi, T. R. Fabrication and evaluation of laboratory scale minigranulator using the concept of design of experiments. *Indian Drugs*. August 2014, 51(8), 15-21.

Soni, A. K., Baldaniya, L. H.; Gohel, M. C.; Thakkar, V. T.; Gandhi, T. R. Simultaneous determination of Moxifloxacin hydrochloride and Difluprednate by ratio derivative spectrophotometry. *International Journal of Pharmacy and Pharmaceutical Sciences*. June 2014, 6(8), 387-390.

Dr. Kalpana Patel, M. H. Motisariya, K. R. Patel, P. A. Shah, T. R. Gandhi. Development and validation of spectrofluorimetric method for estimation of ivabradine hydrochloride in marketed formulation and its applicability in plasma. *Der Pharmacia Lettre*, October 2014, 6(5), 8-13.

Asha Patel, Mukesh Gohel, Tejal Soni. Partial Least square Analysis and Mixture Design for the study of the Influence of composition Variables on Nanoemulsions as Drug carriers. *Research Journal of Pharmacy and Technology*. December 2014, 7(12): 1446-

Sarika Johari, Tejal Gandhi. Protective effect of Chloroform extract of *Cyperus rotundus* against DNBS induced inflammatory bowel disease in rats. *Research and Review: A Journal of Pharmacology*. 2014, 4(3)

Kalpna G. Patel, Kinjal Patel, Hitesh G. Raval, Ratna Limgavkar. Derivative and ratio derivative spectroscopic methods for simultaneous determination of Cafalexin monohydrate and Kanamycin monosulphate using phenylisocyanate as derivatizing reagent. *Journal of Pharmacy Research*. May 2014, 8(5), 689-695

Patel Kalpana, Mangukiya Rakesh, Tandel Devang, Choksi Riddhi and Shah Purvi, Simultaneous estimation of moxifloxacin hydrochloride and difluprednate in ophthalmic formulation by three novel spectrophotometric methods. *Der Pharmacia Lettre*. 2014, 7 (3), 266-273.

Asha Patel, Mukesh Gohel, Tejal Soni, Development and Optimization of Plant Extract Loaded Nanoemulsion Mixtures for the Treatment of Inflammatory Disorder. *Current Research in Drug Discovery*. 2014, 1(2), 29-38.

Kalpna J.Patel, Hitesh G. Raval, Kinjal N. Patel, Ratna S. Limgavkar. High Performance Liquid Chromatographic determination of Cephalaxin monohydrate and Kannamycin monosulphate with precolumn derivatization. *Journal of liquid chromatography and related technologies*. 2015, 38(6):716-721.

Mansi Paradkar, Vaishali T. Thakkar, Tejal Soni, Mukesh Gohel, Tejal Gandhi. Formulation and Evaluation of Clotrimazole Transdermal Spray. *Drug Development and Industrial Pharmacy*. January 2015,1-8.

Sandip Patel, Santani D, Veena Patel, Shah Mamta, Anti-diabetic effects of ethanol extract of *Bryonia laciniosa* seeds and its saponins rich fraction in neonatally streptozotocin-induced diabetic rats. *Pharmacognosy Research*, 2015, 7, 92-9.

Mihir Parikh, Alpa Patel, Kirti Patel, Tejal Gandhi, Protective Effect of *Momordica Charantia* against Hepatic Ischemic Reperfusion Injury Model in Rats. *Austin Journal of Pharmacology and Therapeutics*. 2015, 3(1), 1064.

Nirav Patel, Vaishali Thakkar, Parita Moradiya, Tejal Gandhi, Mukesh Gohel, Optimization of curcumin loaded vaginal in-situ hydrogel by box-behnken statistical design for contraception. *Journal of Drug Delivery Science and Technology*. October 2015, 29, 55–69

Hiteksha Panchal, Stavan Master, Ajay Saluja, Mariyan Patel, Pharmacognostic and phytochemical evaluation of *Trema orientalis* leaf. *International journal of pharmacy and pharmaceutical sciences*. 2015, 7(5), 317-319.

Ms. Vandana Patel, S.H.Shukla, K. G. Patel, Validated HPTLC method for qualitative and quantitative estimation of oleanolic acid in roots of *Cissampelos pareira* Linn, Var. *hirsuta*, Menispermaceae. *Der Pharmacia Letter*. 2015, 7(5), 300-306.
