

### State Inspire Programme (Student Sci-Tech Project)

Sr. No.	Year	Project Title	Grant Received in INR	Principal Investigator
1.	2015	Development and characterization thermosensitive vaginal in-situ hydrogel containing <i>Vitex Negundo</i> as spermicidal agent	16,000/-	Dr. Mukesh Gohel
2.	2015	Applicability of science based approach in novel self – emulsification drug delivery system for the treatment of malaria	21,500/-	Dr. Vaishali T. Thakkar
3.	2015	<i>In vivo</i> pharmacokinetic and pharmacodynamics of nanoemulsion based drug delivery system containing <i>Withania Somnifera</i> extract	18000.00	Dr. Asha Patel
4.	2015	Evaluation of effect of Glycolate Oxidase (gox) inhibitor in experimental urolithiasis in rat model	14,412/-	Dr. Tejal R Gandhi
5.	2015	Designing of a novel polyherbal formulation on the basis of grid search analysis and their evaluation in experimentally induced inflammatory bowel disease in rats	19,069/-	Dr. Tejal R Gandhi
