## Special program for advanced & slow learners

A) Identification of slow & advanced learners

B) GPAT competitive examination

C) Academic support for advanced learners

D) Academic support for slow learners

# 2.2.1

## A) Identification of slow & advanced learners

## PROCESS FOR IDENTIFICATION OF SLOW LEARNERS AND ADVANCED LEARNERS

**Advanced Learners and Slow Learners**

Within the classrooms, faculties have to deal with different types of students; some are very intelligent who learn very fast and some are average who learn slowly. Therefore it is required to determine the abilities. Some students need only guidance and some students need a hard work and regular attention.

Generally on the basis of their learning speed students can be classified in two groups;

**The advanced learners**

**The slow learners**

**Identification of ability of students to learn**

o       The students are identified based on one or more of the following;
o       Analysis of HSC score for 1st year students
o       Performance in Mid-semester exams and tutorial sessions.
o       Communication and soft skills
o       Their behavioural traits
o       Mapping of students attributes by mentors
o       Theory and Practical attendance

**Advanced learners**

The student who learn fast and have quick grasping power are called advanced learners. Obviously their learning speed is more than the peers. Fast learners are identified through their performance in examinations, interaction in class room and laboratory, their fundamental knowledge, concept understanding and articulation abilities etc. The Institute promotes independent learning that contributes to their academic and personal growth.

**Measures taken for improving academic performance of advanced learners**

o       Guiding and encouraging for career planning and to take up competitive exams like GPAT, GRE, TOEFL, IELTS, CAT, etc

o       Encouraging to participate in various symposiums like quiz, poster presentation, Conferences, inter institution competition, etc.

o       Various club activities are conducted by all the departments in the respective areas to mould the students in corresponding field

o       Students are encouraged to be members of professional bodies like IPA and organize technical events

o      Students are encouraged to take up minor research projects to inculcate research orientation and practical awareness

o      Discussion or seminar on the advanced topic

o      Guiding and encouraging to communicate research papers in conferences/Journals

o      Bright and diligent students are motivated and inspired to get university ranks.

o      Semester toppers and university rank holders are encouraged with certificates and cash prizes by the institute and alumnus.

**Slow learner**

The connotation of academically slow learner means those who could not keep pace with the classroom teaching needs extra attention so as to bring such students at par with the rest of the students of the class. Slow learners are identified based on their performance in University Examination of previous semester and internal examinations, blue book assessment, attendance record in theory and practicals.

**Measures taken for improving academic performance of slow learners**

- During the course of study, group of students are assigned to a faculty for mentoring. The mentors monitor academic performance and interact frequently to understand and assist any student with issues that affect their ability to learn or impede their academic success.

- Mentors maintain the entire academic and attendance record of the student which is also conveyed to the parents time to time via Whatsapp or SMS.Learning material prepared by subject handling faculty members is verified by the HODs are provided with the commencement of the semester to students and also is uploaded in the student portal regularly for students reference.

- Remedial/Extra classes are conducted with appropriate focus on the subject/topic in which the students are found to be slow learners.

- Modal answers keys are prepared and distributed to students to improve the way of presenting the answers in the exam to score marks.

- Individual academic counselling is done by concerned subject teacher and 20 most important questions were learned and solved by them.Students study groups are formed for peer-to-peer learning.

- Slow learners meeting scheduled with Principal and Discipline monitoring committee members for special emphasis with reference to goals, lifelong learning, learning ethics, morals and discipline, planning, executing and verifying about their study goals and achievements.

# 2.2.1

## B) GPAT competitive examination

**ANAND PHARMACY COLLEGE, ANAND**

**GPAT competitive examination**

Efforts taken by institution for strengtheningperformance of advanced and slow learners in GPAT examination

1. To prepare PRE GPAT coaching planning schedule.
2. To organize subject specific as well overall GPAT guidance lecture.
3. To update Database including GPAT papers, reference list, syllabus, MCQs from text book, internet as well from faculty members.
4. To explain planning of GPAT Schedule to 3$^{rd}$ & 4$^{th}$ year students.
5. To prepare online GPATTest.
6. To draft question papers of individual subjects.
7. To conduct Subject wise exam for 3$^{rd}$ & 4$^{th}$ year students.
8. To take feedback and suggestions from 3$^{rd}$& 4$^{th}$ year students.

Due to all this above initiatives taken by the institution various students who were slow learners had cleared GPAT examination

In Year 2022-23, GPAT Exam, Number of Qualified students are 6, all 6 students are advanced learner.
