ABOUT SHRI RAMKRISHNA SEVA MANDAL

Late Shri G. S. Patel, also known as Vakil Saheb, established Shri Ramkrishna Seva Mandal with the motto of "Bahujan Hitay, Bahujan Sukhay" on August 15, 1954, adopting the principle of Shri Ramkrishna Paramhans and his ardent disciple Swami- Vivekanand. In the past 69 years, SRKSM has reached three significant milestones. **First milestone** was establishment of Matrumangalam-a family welfare centre, Orthopaedic Hospital, Centre for Maternity and Gynaecological Services, and Anand Hospital equipped with the most up-to-date equipment and ambulance services in the Anand and nearby areas. The **second milestone** was the founding of Anand Arts College in 1963, which marked its footprints in the area of education followed by various grant-in-aid institution. Also, to support the elderly and those in need, SRKSM established Anand Dham in Lambhvel with contemporary amenities and infrastructure. The **third milestone** was achieved with the establishment of first SRKSM self- financed Institute, Anand Pharmacy College in 1998. Since then, numerous graduate and postgraduate institutions were established of which majority are accredited. The trust today has cutting edge teaching and learning systems, contemporary infrastructure, and facilities with around 27 institutes and more than 20,000 students, teachers, and support staff.

Innovative idea Competition Can I Patent it?? (10/09/2024)

supported by

**Student Startup Innovation Policy (SSIP), Institution's
Innovation Council (IIC)**

An invention can be patented if it is...

- ✓ **Useful:** Ideas are a great start, but if the inventions can't do what the patent says they can, they aren't eligible for a patent.
- ✓ **New:** If your invention builds upon something and creates something that didn't exist before, it can be qualified as new.
- ✓ **Non-obvious:** Not as simple as it sounds. You can only receive a patent if a person skilled in the domain wouldn't think your invention is obvious.

If you think your ideas can fulfil these three aspects of patentability,

"Can I patent it?" is a platform for you to pitch in your ideas and share your innovation to review in front of expert panel who would evaluate the patentability aspect of your innovation.

Innovation knows no boundaries. You can share your creative ideas in any field which can help reduce the existing knowledge gap.

Send your innovative entries in the prescribed format to us. Selected entries will get a chance to present their proposal to expert panel.

All the entries will get certificate of

participation.
